

Srikanth Bisai

FULLSTACK DEVELOPER

+91 9652174988 | srikanthbisaiwork@gmail.com | [Linkedin](#) | [Github](#)

TECHNICAL SKILLS

Languages: C++, Javascript, TypeScript.

Frontend Technologies: Next.js, React.js, Redux, TailwindCSS, Zod.

Backend Technologies: Express.js, Mongoose, Node.js, Prisma

Databases: Firebase, MongoDB, Redis.

Devops Tools: AWS, Docker, Github Actions, Kafka, Nginx.

EXPERIENCE

FRONTEND DEVELOPER

Oct 2023 – Mar 2024

DAPHNIS LABS — NEXTJS, TYPESCRIPT

Remote, India

- Assisted in developing **2+** client-based projects, including E-commerce, booking applications using Next.js, TypeScript, React, Redux, and Tailwind CSS, resulting in a 30% reduction in development time for new projects..
- Engineered and deployed custom admin panels with advanced user permissions for 10+ clients in the tech industry; tailored interfaces led to a 40% increase in user satisfaction and a 25% reduction in user errors.
- Revamped and optimized the UI of 10+ web pages, enhancing load times by 20% and improving overall user engagement.

PROJECTS

JobHunt | *Typescript, Nextjs, Expressjs, MongoDB, , Redis, Kafka, Nginx, Docker* - (Code)

- Utilized Nginx as a reverse proxy server to manage traffic efficiently.
- Implemented Kafka for real-time notifications and messaging, improving user response times by 35%.
- Manoeuvred responsive and interactive user interfaces using Next.js and TypeScript, resulting in a 50% reduction in bounce rates and a 30% increase in session duration across all devices.
- Employed JWT for secure and scalable user authorization.
- Leveraged Redis for caching frequent requests, reducing server load by 30%.
- Containerized the application using Docker, enhancing cross-platform compatibility and deployment speed.

VizagEstates | *Javascript, React, Express, MongoDB, Prisma, Web Socket* (Code)

- Constructed a user-friendly 94 responsive Real-estate website application providing a good platform for users to choose best-designed houses in **8** different locations across the city.
- Crafted a robust backend with Express and MongoDB, supporting high concurrency and data integrity.
- Injected WebSockets to facilitate real-time chat functionality between customers and dealers, enhancing user engagement and communication efficiency, leading to a 50% increase in user interaction
- Utilized JWT for secure user authentication, ensuring data integrity and confidentiality across the platform, resulting in a 40% reduction in unauthorized access incidents.

E-Bharat | *Javascript, React, Firebase.* (Code)

- Tailored a responsive 203 E-Commerce application using **React, Javascript, Firebase** for the customers to purchase **100's** of different products from a wide range of categories.
- The users can review items based on their experiences. The users can also search for different items using a search bar menu.
- Improvise Payment Gateway with RazorPay app enabling more than 5 different payment methods.

EDUCATION

Indian Institute of Information Technology and Management, Gwalior

Gwalior, India

Integrated Post Graduate (B.Tech + M.Tech)

2019 - 2024

ACHIEVEMENTS

School Topper out of **2000+** students in Softzen - State Level Computer Science Olympiad (2012)
